Report of the Induction Programme

Name of the programme	:	Induction Programme
Date	:	19.10.2020
Chief Guest	:	Thiru.K.Thangavel, President, Tagore Educational Institution.
Co-ordinator	:	Dr.T.Krishnakumar, HOD/ S&H

Tagore Institute of engineering and technology has been conducted a virtual week long induction program through online for first year students on 19th October 2020 to 30th October 2020. The principal Dr.S.Jayanthi in his inaugural address appreciated the efforts and gesture of conducting such informative and educative programme first of its kind to groom and nurture young engineering students to mould student fraternity in the days to come. She exhorted the participants to fully utilize the inputs to impart better learning methodology.

The aim of the program was to give the students who are joining the college a bird's eye view about various dimensions of engineering and the career opportunities for the engineering students and to acquaint them with the systems and procedures of the college, as also to give them an idea about anti ragging laws. The idea of such a programme came from the thought that one of the reasons for the disorientation of engineering students is sheer ignorance about their opportunities and the direction they have to move so as to become successful as engineering. In the absence of such a structured program, the students could be (mis)guided by the (sometimes) casual approach of their seniors towards studies, and most often by the deliberate mis information given by the seniors about the course and the approach to studies. The program aimed to give a proper orientation to the new students about the course, about engineering and about the future prospects as well as the methodology of learning to be adopted to be successful in life. The speakers included a mix of internal and external resources. Following topics were covered in the induction programme through online: Yoga, motivation, communication, leadership skill, interpersonal skills, and stress management. There was an icebreaking session by Sky yoga conducted by vethathiri maharishi group for a week. Also, the students were encouraged to participate in AICTE induction programme. A part of this programme students were send the photos of working models and our student Ms.B.Priyadharshini I-Year/CSE model was displayed during valedictory function.
