Report

The vision of India getting accustomed with cashless economy and the citizens opting for cashless transaction in daily life. There is no alternate of this in near future and People should become more aware of the facts and procedures of applying cashless transactions in day to day life. Its main motto is to make the youth and students getting involved in this major transformation that a nation is going through and thereby helping others to adapt the change.

On 20th December 2020 Tagore Institute of Engineering and Technology has organized Online Awareness' for Cashless Transaction Programme started through online and it was attended by the whole department including faculty members and students. Mrs. S.Revathy Manager State Bank Of India Vadugam, Rasipuram, Namakkal district had explained the importance of Digital payment, advantages of it and upon different various modes of collection and digital payment of product and services through wonderful presentation which covered prepaid cards, Debit /RuPay card, Unstructured Supplementary Service Data (USSD) based Mobile Banking, Mobile E-wallet, Aadhar enabled payment system (AEPS), UPI. The whole exercise was completely useful and as per the demand of the time. It was a great learning for the students too, to participate in the massive work of nation building.
