Co-ordinator	:	Dr. T. Krishnakumar, HOD/ S&H

Report

“Social distancing only works if we all participate. And slowing down or preventing the spread of the virus will save lives.”

Corona virus disease (COVID-19) is an infectious disease caused by a newly discovered corona virus. The Program Seminar on “Awareness & Prevention of Covid-19” was organized for all the Teaching and Students of Tagore Institute of Engineering and Technology. The main objective was aware and takes preventive aspects to protect the staff and students from Corona virusdisease.

The virus that causes COVID-19 is mainly transmitted through droplets generated when an infected person coughs, sneezes, or exhales. These droplets are too heavy to hang in the air, and quickly fall on floors or surfaces. You can be infected by breathing in the virus if you are within close proximity of someone who has COVID-19, or by touching a contaminated surface and then your eyes, nose or mouth. Most people who fall sick with COVID-19 will experience mild to moderate symptoms and recover without special treatment.

The programme started at 11:30 am at Dr.APJ Abdul Kalam Auditorium, TIET. Principal Dr.Jayanthi addressed the gathering regarding ongoing outbreak of COVID-19 in India. Then after, Awareness and Prevention session has started by talk from Dr.S.Shanmugam MBBS Govt.Hospital, Thalaivasal. Who stressed on importance of Prevention of infection with proper precaution appreciating the efforts of Health Care team at this time and also importance of personal protection from COVID-19 virus. He mentioned special note on “Social distancing” and how effective it can be in controlling the spread. He gave an elusive talk on viral infection COVID-19 with current scenario at India, Tamilnadu and Salem district respectively. He mentioned various definition like **Probable case**, **Suspected case** and stressed the information of how and when will the some suspect will be said as **Confirmed**

also signifies about how to wash hands and its technique. Regular Hand wash, use of protective mask, regular disinfection, use of sanitizers and social distancing were stressed during a program.

Open Discussion after the Session

After the session there was an open debate between the Dr. S. Shanmugam MBBS and Students regarding various aspects:

1. Should mask needs to be used compulsorily
2. What is Isolation and Quarantine with respect to COVID-19 infection
3. How to wash hands and the techniques
4. How to cover your Cough
5. Stay home if you fell unwell or you cough or sneeze
6. Follow your local government health authorities for any kind of treatment with respect to COVID-19 infection.

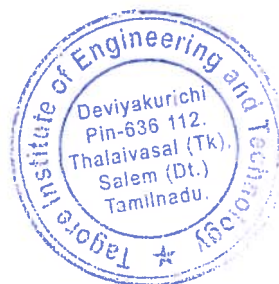

Glimpse of COVID-19 Awareness Session

Vote of Thanks:

Prof. Dr. K Krishna Kumar proposed vote of thanks. He thanked on behalf of Teaching and Students to the TIET management to encourage for organizing such informative Program. He also thanked Dr. S. Shanmugam MBBS to deliver talk on awareness during Covid-19 situation to bring awareness for TIET family.
